DESCRIPTION

In the heart of Belluno, on Via Simon da Cusighe, we offer an interesting investment opportunity: a **building to renovate** that promises to become a real estate gem in the city center.

With its **four total floors**, the building offers ample development possibilities: you can create several **real estate units** to rent out or resell, ensuring a significant economic return. Each floor is approximately **200 sqm plus garage and cellar** on the ground floor.

The property's **strategic location** is its true strength: situated just steps from Parco Città di Bologna and conveniently close to the train station, this building is in a highly serviced area that attracts both residents and visitors. The proximity to the historic center and main city services makes this proposal a **safe and valuable investment**.

If you're looking for a property to enhance and maximize your return, this is the opportunity you've been waiting for!
